No. 581.  
SIR,—

I have the honour to transmit to Your Royal Highness, for the information of your Ministers, a copy of a notice published in the press on the 15th June, containing information for the guidance of persons desiring to record:—

(a.) Debts (including bank balances) due to British subjects from persons residing in enemy countries:

(b.) Other property in enemy countries (including securities) belonging to British subjects.

2. The Foreign Claims Office referred to in the last paragraph of the notice has been set up at the Foreign Office for the purpose of dealing with all claims for the settlement of which no satisfactory machinery has existed hitherto, and which are foreign in the sense that they are claims by British subjects against a foreign Government or by foreign nationals against His Majesty's Government.

## BRITISH PROPERTY IN ENEMY COUNTRIES.

## HOW TO RECORD CLAIMS.

WE are officially informed that it has been arranged that the Public Trustee shall keep a record of:—

(a.) Debts (including bank balances) due to British subjects from persons residing in enemy countries:

(b.) Other property in enemy countries (including securities) belonging to British subjects.

Any person desiring to record such claims or property can obtain the necessary form for that purpose (Form G in the first case and Form H in the second) from the Public Trustee. Applications should be made to the Public Trustee (Trading with the Enemy Department), No. 2 Clement's Inn, Strand, W.C.

It must be clearly understood that the action of the Public Trustee will be confined to entering upon the record claims of which particulars are supplied to him, and that in no way commits His Majesty's Government either to responsibility for the correctness of the claim entered or to taking any action on the conclusion of hostilities or otherwise for the recovery of the debts or property in question.

The Public Trustee will record claims against enemy Governments in respect of public securities of those Governments held by the claimants, but other claims against enemy Governments (e.g., in respect of goods or property requisitioned or sequestered) as distinct from claims against enemy subjects should be notified to the Director of the Foreign Claims Office, Foreign Office, S.W.

## ORDERS IN COUNCIL.

AT THE EXECUTIVE COUNCIL CHAMBER.

VICTORIA, 7th February, 1917.

PRESENT:

THE HONOURABLE THE ADMINISTRATOR  
IN COUNCIL.

ON the recommendation of the Honourable the Attorney-General and under the provisions of the "Court Rules of Practice Act" and all other powers thereunto enabling, the Honourable the Administrator of British Columbia, by and with the advice and consent of his Executive Council, doth order as follows:—

1. During the war no probate of a will or letters of administration of the estate of any German, Austro-Hungarian, Turkish, or Bulgarian subject, wherever resident, shall be granted in respect of any assets in this country without the express licence of the Crown acting through the Minister of Finance.

2. In all cases where probate or letters of administration are granted during the war to any person entitled thereto, the grant shall be made upon the condition that no portion of the assets shall be distributed or paid during the war to any beneficiary or creditor who is a German, Austro-Hungarian, Turkish, or Bulgarian subject, wherever resident, or to any one on his behalf, or to or on behalf of any person resident in Germany, Austro-Hungary, Turkey, or Bulgaria, of whatever nationality, without the express licence of the Crown acting through the Minister of Finance; and if any distribution or payment is made contrary to this condition the grant of probate or letters of administration will be forthwith revoked.

3. Any applicant for letters of administration or probate during the war shall furnish evidence to the satisfaction of the Judge to whom application is made that the person in respect to whose estate such probate or letters of administration are applied for was not a German, Austro-Hungarian, Turkish, or Bulgarian subject; or, failing such evidence, shall produce the licence of the Crown that such probate or letters of administration may be granted. Such applicant shall also give such information as the Registrars of the Courts may require in order to ascertain whether any of the assets would in time of peace be distributable or payable to any such subject, and if required shall make a statutory declaration as to the assets and their disposition in the event of probate or letters of administration being granted.

4. In cases deemed by him proper, the Minister of Finance may sanction the payment of moderate sums out of assets to beneficiaries or creditors who are German, Austro-Hungarian, Turkish, or Bul-

And that the Orders in Council herein, Nos. 741 and 1201, be rescinded.

And it is hereby declared that the word "company" in this clause shall be deemed to include any partnership or other body of persons, whether incorporated or not incorporated, and whether domiciled in British Columbia or elsewhere; and the intention is that the objects specified in each paragraph of this clause shall, except where otherwise expressed in such paragraph, be in nowise limited or restricted by reference to or inference from the terms of any other paragraph or the name of the Company.

# "MUNICIPAL PROPORTIONAL REPRESENTATION ACT."

## RULES AND REGULATIONS PURSUANT TO SECTION 14 OF CHAPTER 51 OF THE STATUTES OF BRITISH COLUMBIA FOR 1917.

### DEFINITIONS.

In these rules, unless the contrary intention appears:—

"Continuing candidate" means a candidate not already declared elected or defeated:

"Transferable ballot," "vote capable of transfer," or "ballot capable of transfer" means a vote given on a ballot on which a second or subsequent preference is recorded for a continuing candidate:

"Non-transferable ballot" means a ballot on which no second or subsequent preference is recorded for a continuing candidate:

Provided that a ballot shall be deemed to be non-transferable in any case in which—

(a.) The names of two or more candidates (whether continuing or not) are marked with the same figure next in order of preference; or

(b.) The name of the candidate next in order of preference (whether continuing or not) is marked—

(i.) By a figure not following consecutively after some other figure on the ballot; or

(ii.) By two or more figures.

"Quota" shall have the meaning assigned to it in Rule 3:

"Successively transferred" means transferred one after another separately so far as the work of one official or clerk is concerned, but nothing in these rules is meant to prevent the transfer of ballots by two or more officials or clerks simultaneously, provided only that precautions are taken to avoid transferring any ballots to a candidate who has already received the quota.

### TRANSFERRING AND COUNTING OF VOTES.

Rule 1. At the close of the polls the ballots shall first be sorted and counted at the several polling-booths according to the first choice of the voters.

Ballots sorted, counted, arranged in separate parcels at polling-booths, and forwarded to Returning Officer.

At each booth the ballots cast for each candidate as first choice shall be put up in a separate package, which shall be properly marked on the outside to show the number of ballots therein, and the name of the candidate for whom they were cast, and the particular polling-booth at which they were cast. The ballots declared invalid by the Presiding Officer shall also be put up in a separate package, properly marked on the outside.

All packages, together with a record of the count, shall be replaced in their respective ballot-boxes, properly sealed, and forwarded to the Returning Officer of the municipality as directed by him; and when all the ballot-boxes have been received by him, the counting of the ballots shall proceed under his direction.

Rule 2. First-choice votes for each candidate shall be verified, added, and tabulated as shown in Column 1 of the form of Table of Results in Appendix A. The ballots shall be again put up in the separate packages described in Rule 1. This completes the first count.

First count completed.

Rule 3. The total number of valid ballots shall then be divided by a number greater by one than the number of seats to be filled. The next whole number larger than the resulting quotient is the "quota" that suffices to elect a member.

Ascertainment of quota.

Rule 4. All candidates the number of whose first-choice votes is equal to or greater than the quota shall then be declared elected.

Candidates receiving the quota elected.

Rule 5. All votes obtained by any candidate in excess of the quota shall be termed his surplus.

Surplus votes.

Rule 6. The surpluses shall be transferred, the largest surplus first, then the next largest, and so on, according to the provisions contained in these rules.

Rule 7. (a.) The transferable ballots of a candidate having a surplus shall be sorted into piles according to the next choice marked on each for a continuing candidate. Before sorting such ballots into piles, the various packages mentioned in Rule 2 shall be thoroughly mixed by the Returning Officer. Such packages shall thereupon be sorted as they come to hand without selection into

Method of procedure.

such piles. The non-transferable ballots shall be sorted into a separate pile. The number of ballots in each pile shall then be ascertained.

(b.) If the number of the transferable ballots is equal to or less than the surplus, they shall all be successively transferred, each to the continuing candidate marked on it, subject to Rule 13.

(c.) If the number of the transferable ballots is greater than the surplus, such ballots to the number of the surplus shall be successively transferred, the particular ballots thus taken for transfer as the surplus being taken from the several piles proportionately according to the following directions:—

(1.) Multiply the number of ballots in each pile of transferable ballots by the fraction of which the numerator is the number of the surplus ballots and the denominator is the total number of transferable ballots in the several piles. Unless the use of the fraction is required to avoid an error, the approximate equivalent decimal fraction may be used:

(2.) Of the fractions or decimal fractions, as the case may be, that may appear in the resulting products, as many of the largest shall be considered as having the value of unity (i.e., 1) as may be necessary to make the total number of ballots transferred equal to the surplus. All other fractions or decimal fractions shall be disregarded:

(3.) The product in the case of each pile is the number of ballots to be successively transferred from such pile, each to the continuing candidate marked on it as next choice, subject to Rule 13.

(d.) The particular ballots to be taken for transfer from each pile shall be taken from the top of the pile as they happen to come to hand, without selection.

(e.) If any ballot properly considered as transferable at the beginning of the process prescribed in this rule becomes non-transferable during the process, it shall be treated thereafter as a non-transferable ballot.

Ballots of elected candidates set aside.

Rule 8. The ballots untransferred from such elected candidate shall be collected together, formed into one package, and set aside as the quota of such candidate.

Transferred votes tallied.

Rule 9. The transfer of each ballot shall be tallied by one or more tally clerks appointed by the Returning Officer.

Transfer of surpluses completed.

Rule 10. After the transfer of any surplus, the votes standing to the credit of each candidate shall be added up and tabulated as a count.

Candidate receiving no votes declared defeated.

Rule 11. After the transfer and tabulation of all surpluses (or after the first count if no candidate received a surplus on the first count), every candidate who has no votes to his credit shall be declared defeated. Thereupon the candidate having the lowest number of votes on the poll as it then stands shall be declared defeated, and all his ballots capable of transfer shall be transferred successively to continuing candidates, each ballot being transferred to the credit of that continuing candidate next preferred by the voter, subject to Rule 13. After the transfer of these ballots a fresh tabulation of results shall be made. In this manner candidates shall be successively declared defeated, and their ballots capable of transfer transferred to continuing candidates, and fresh tabulations of results made. After each tabulation the candidate next to be declared defeated shall be the one then lowest on the poll.

Candidate at bottom of poll eliminated and ballots transferred.

Fresh tabulation after each transfer.

When two or more candidates may be excluded.

Rule 12. If after the second or any later count (or after the first count if no candidate received a surplus on the first) the total vote of two or more candidates lowest on the poll is less than the vote of the next higher candidate, those lowest candidates may be declared defeated simultaneously, and all their ballots capable of transfer transferred successively to continuing candidates, each ballot being transferred to the credit of that continuing candidate next preferred by the voter, subject to Rule 13. In this operation the ballots of the lowest candidate shall be transferred first, then those of the candidate next higher, and so on. No fresh tabulation of results shall be made until the ballots of all the candidates thus simultaneously defeated have been transferred.

Candidates declared elected when quota received.

Rule 13. Whenever in the transfer of a surplus or of the ballots of a defeated candidate the votes of any candidate become equal to the quota, he shall immediately be declared elected and no further transfer to him shall be made.

Filling the last vacancies.

Rule 14. (1.) When candidates to the number of seats to be filled have received the quota and have been declared elected, all other candidates shall be declared defeated and the election shall be at an end.

(2.) When the number of continuing candidates is reduced to the number of seats to be filled, those candidates shall be declared elected whether they have received the full quota or not, and the election shall be at an end.

Rule 15. If only one office is to be filled—as that of Mayor or Reeve—and the votes of some one continuing candidate exceed the total of the votes of the other continuing candidates, the first-mentioned candidate shall be declared elected.

Rule 16. If at any count two or more candidates at the bottom of the poll have the same number of votes, that candidate shall first be declared defeated who was lowest at the next preceding count at which the number of their votes was different. Should it happen that the number is the same on all counts, lots shall be drawn by the Returning Officer to decide which candidate shall next be declared defeated.

Rule 17. In the transfer of the ballots of any candidate who has received ballots by transfer, those ballots shall first be transferred upon which he was first choice, and the remaining ballots shall be transferred in the order of the counts by which they were received by him.

Rule 18. On each tabulation a record shall be kept, under the designation “non-transferable ballots,” of those ballots which have not been used in the election of any candidate and which are not capable of transfer.

Rule 19. Every ballot that is transferred from one candidate to another shall be stamped or marked so that its entire course from candidate to candidate throughout the counting can be conveniently traced.

Rule 20. The ballots shall be preserved by the Clerk of the municipality until the end of the term for which the candidates are elected to serve.

Rule 21. In case a recount of the ballots is made, every ballot shall be made to take in the recount the same course that it took in the original count unless there is discovered a mistake that requires its taking a different course, in which case the mistake shall be corrected and also any further changes made in the course taken by ballots that may be required as a result of the correction. This rule shall apply also to the correction of any error that may be discovered during the original count.

Rule 22. So far as may be consistent with good order and with convenience, representatives of the press and the public may, with the sanction of the Returning Officer, be present and witness the counting of the votes.

Rule 23. The Returning Officer shall record and give public notice of any transfer of votes made under these rules, and of the total number of votes credited to each candidate after any such transfer. Such public notice may be in accordance with the form of Table of Results given in the Appendix A to these rules.

Rule 24. Any candidate or his agent may, at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes, request the Returning Officer to re-examine and recount the ballots of all or any candidates (not being ballots set aside at any previous transfer as the quota of an elected candidate), and the Returning Officer shall forthwith re-examine and recount the same accordingly. The Returning Officer may at his discretion recount votes either once or more often in any case in which he is not satisfied as to the accuracy of any previous count: Provided that nothing herein shall make it obligatory upon the Returning Officer to recount the same votes more than once.

Rule 25. If on application to the County Court Judge of any county in which a municipality or any part thereof is situated, at any time within five days after the holding of the poll, it is made to appear to the satisfaction of the Judge that the Returning Officer at an election in such municipality has, in counting the votes, improperly counted or rejected any ballots to such an extent as to affect the result of the election, the County Court Judge may proceed to recount the votes. Such recount shall be conducted in accordance with the provisions of the “Municipal Elections Act” as modified by the “Municipal Proportional Representation Act” and by these rules.

Rule 26. If upon an election petition the election of any candidate is adjudged invalid, the Judge before whom the same is tried may direct the whole or any part of the ballots cast at such election to be recounted, and shall, upon such recount, direct what course shall be taken by and effect given to the ballots on which a preference was indicated for the candidate whose election is adjudged invalid, and shall cause the subsequent operations to be carried out and the result of the election to be ascertained in accordance with these rules.

How relative stand-  
ing determined.

Rule 27. At any election the candidate who is first declared elected by the Returning Officer shall be deemed for all purposes to have received the largest number of votes; the candidate next declared elected shall be deemed for all purposes to have received the next largest number of votes, and so on.

APPOINTMENT AND DUTIES OF RETURNING OFFICER.

Returning Officer.

Rule 28. The Returning Officer shall be appointed in the manner provided in the "Municipal Elections Act," and he shall prepare all forms as shown in the various appendices to these rules which may be necessary for the conduct of the election.

APPENDIX A.

EXAMPLE OF AN ELECTION CONDUCTED UNDER THE SYSTEM OF PROPORTIONAL REPRESENTATION SET OUT ABOVE.

Let it be assumed that there are five members to be elected and that there are ten candidates—A., B., C., D., E., F., G., H., I., K.

The ballots are examined at each polling-booth and the valid ones are sorted out, counted, and arranged in separate packages under the names of the candidates marked with the figure 1. (*See Rule 1.*)

Each package is now labelled showing the number of ballots therein, the name of the candidate for whom they were cast, and the particular polling-booth at which they were cast.

The ballots declared invalid are also labelled properly and placed in a separate package.

All the packages of ballots made up at the polling-booth, together with the record of polling-booth count, are replaced in the ballot-box, properly sealed, and forwarded to the Returning Officer of the municipality as directed by him, and on receipt of *all* the ballot-boxes the counting of the ballots proceeds under his direction. (*See Rule 1.*)

The ballots in each separate package are verified and counted, and each candidate is credited with one vote in respect of each valid ballot on which a first choice has been recorded for him. (*See Rule 2.*) A tally-sheet may be used. (*See Appendix E.*)

The result of the count may be supposed to be as follows:—

A. ....	2,009
B. ....	952
C. ....	939
D. ....	746
E. ....	493
F. ....	341
G. ....	157
H. ....	152
I. ....	118
K. ....	93

It is found that the total of all the valid votes is 6,000. This total is divided by 6 (i.e., the number which exceeds by one the number of seats to be filled); and 1,001 (i.e., the next whole number larger than the quotient) is the "quota" or the number of votes sufficient to elect a candidate. (*See Rule 3.*)

As A.'s votes exceed the quota he is at once declared elected. (*See Rule 4.*)

FIRST TRANSFER.

A. has 1,008 surplus votes (i.e., A.'s total, 2,009, less the quota, 1,001), which surplus must now be transferred in the following manner (*see Rule 6*):—

All A.'s 2,009 ballots are examined and arranged in separate piles according to the second preferences indicated thereon. (*See Rule 7 (a).*)

A separate pile is also formed of those ballots on which no further available preference for any continuing candidate is shown, and which are therefore "non-transferable." (*See Rule 7 (a).*)

The various packages containing A.'s first-choice votes should be thoroughly mixed before sorting them into piles according to the second preferences indicated thereon. (*Rule 7 (a).*)

On A.'s 2,009 ballots it may be found that—

D. is marked second choice on .....	257	ballots.
E. is marked second choice on .....	11	"
F. is marked second choice on .....	28	"
G. is marked second choice on .....	1,708	"

Total transferable ballots .....	2,004
The remaining 5 are non-transferable .....	5

Total of A.'s ballots .....	2,009
-----------------------------	-------

But as only 1,008 out of the 2,004 transferable ballots are to be transferred—i.e.,  $\frac{1008}{2004}$  of the transferable ballots—they are to be taken from the various piles in that proportion. That is, the number of ballots to be transferred from each pile is ascertained by multiplying the number of ballots in such pile by  $\frac{1008}{2004}$  (the fraction of which the numerator is the surplus and the denominator is the total number of transferable papers). (See Rule 7 (c) (1).) If preferred, the equivalent decimal fraction (0.5029) may be used.

The process is as follows: D.'s pile contained 257 ballots. The number to be transferred to D. will be  $257 \times \frac{1008}{2004}$  or  $129 \frac{540}{2004}$ . Of the 11 ballots in E.'s pile, the number to be transferred to E. will be  $11 \times \frac{1008}{2004}$  or  $5 \frac{1068}{2004}$ . Similarly, from F.'s pile of 28, F. will receive  $28 \times \frac{1008}{2004}$  or  $14 \frac{108}{2004}$ , and G.'s pile of 1,708 will give him  $\frac{1008}{2004} \times 1,708$  or  $859 \frac{228}{2004}$ . Total, 1,007+.

But as only whole ballots can be transferred the fractions must be considered. And as the whole numbers alone—i.e., 129, 5, 14, and 859—amount to 1,007, which is one short of the surplus, the largest of the fractions is reckoned as unity (i.e., as equal to 1), and the other fractions are then ignored, resulting to the number to be transferred to be as follows (see Rule 7 (c) (2)) :—

To D.: 129
To E.: 6 (fraction considered equal to 1)
To F.: 14
To G.: 859

1,008 total, being A.'s surplus.

If preferable, instead of using the fraction  $\frac{1008}{2004}$ , the equivalent decimal fraction to 3 or 4 places of decimals, 0.5029, may be used, and the calculations can be worked out as shown on the calculation sheet, Appendix D.

The particular ballots to be transferred to D., E., F., and G. from the various piles are those last filed in their respective piles, and they shall be taken from the top of the pile just as they happen to come to hand without selection. (See Rule 7 (d).)

The transfer of each ballot is tallied by a tally clerk. (See Rule 9.) The tally clerks carefully mark on the tally-sheet (see Appendix F) of each candidate the point at which he will attain the quota. Whenever during any transfer a tally clerk finds that a candidate has attained the quota, he immediately notifies the Returning Officer, who declares that candidate elected. (See Rule 13.) Thereupon the transfer is resumed, but any ballots showing a next choice for the candidate declared elected are passed on to the next available choice. After each transfer the ballots transferred are stamped so as to show the course taken by them in the transfer. (See Rule 19.)

A.'s surplus votes, after being marked so as to indicate the candidates from and to whom the transfer is made, are added as they are tallied to the packages of D., E., F., and G., whose total votes now become:—

D.: 746 (original) plus 129 transferred from A = 875.
E.: 493 (original) plus 6 transferred from A = 499.
F.: 341 (original) plus 14 transferred from A = 355.

But if the 859 votes to be transferred from A. to G. were all added to G.'s original 157 ballots, G. would have 1,016 ballots. In compliance with Rule 13, therefore, the tally clerk announces when G. has reached the quota. The Returning Officer thereupon declares G. to be elected and no more ballots are transferred to him. The remaining 15 ballots are distributed according to the next available preferences. In this case they all go to H., giving him a total of 167. This concludes the second count, and the state of the poll at the conclusion of the first transfer is shown in Column 3 of the Table of Results.

A.'s remaining ballots (i.e., those ballots not transferred), together with his non-transferable ballots, are collected together and formed into one package representing A.'s quota of 1,001 votes, and these ballots are set aside as finally dealt with. (See Rule 8.) This package is made up of:—

The remainder of D.'s pile of second preferences, 257, less 129 transferred =	128
The remainder of E.'s pile of second preferences, 11, less 6 transferred =	5
The remainder of F.'s pile of second preferences, 28, less 14 transferred =	14
The remainder of G.'s pile of second preferences, 1,708, less 859 transferred =	849
Non-transferable ballots .....	5

Total, being A.'s quota .....	1,001
-------------------------------	-------

On the completion of all transfers in any count, all transferred ballots shall be stamped to show the candidate from and to whom the ballots were transferred. This may be done by the use of a rubber stamp with an adjustable finger-point. (*See* Rule 19.)

SECOND TRANSFER.

K., the candidate lowest on the poll, is now declared defeated and his ballots capable of transfer are transferred to the continuing candidates marked on them as next choice, subject to Rule 13—the same rule being observed as in the transfer of A.’s surplus votes. Before starting this transfer, all the packages containing K.’s ballots should be thoroughly mixed. (*See* Rule 7 (a).)

When the transfer of K.’s votes is completed, we may suppose that they have been received by other candidates as follows:—

B. ....	49 votes.
I. ....	42 „
Non-transferable .....	2 „
	—
Total .....	93 „

The state of the poll at the conclusion of the second transfer is shown in Column 5 of the Table of Results.

As B.’s votes now equal the quota he is at once declared elected. Mark all transferred ballots according to Rule 19. This completes the third count.

THIRD TRANSFER.

The two continuing candidates now lowest on the poll, H. and I., are next declared defeated simultaneously, since their combined vote, 327, is less than the vote of F., the next highest candidate. Since I. is the lowest candidate, his votes are transferred first. (*See* Rule 12.) H.’s 160 votes are, however, made up of 118 “first-choice” ballots and 42 ballots received by him from F. The 118 “first-choice” ballots are transferred first. (*See* Rule 17.) Then the other 42 are transferred. The same rules must be observed as in A.’s and K.’s transfers.

When the transfers of H.’s and I.’s ballots are completed, we may suppose that they have been received by the continuing candidates as follows:—

C. ....	62
D. ....	126
E. ....	101
F. ....	18
Non-transferable .....	20
	—
Total .....	327

It is possible that more than 62 ballots showed a next preference for C., but as no ballots are transferred to a candidate after he has received the quota, the remainder are distributed to the other continuing candidates according to the next available choice indicated on them. (*See* Rule 13.) Mark all ballots as required by Rule 19.

The state of the poll at the conclusion of the third transfer is shown in Column 7 of the Table of Results.

As C.’s and D.’s votes now equal the quota they are at once declared elected. This completes the fourth count.

COMPLETION OF ELECTION.

Since all five seats have been filled, the remaining candidates, E. and F., are declared defeated and the election is now at an end. The candidates elected are A., G., B., C., and D.

The Returning Officer then gives public notice of the result in accordance with the form of Table of Results given in this Appendix. (*See* Rule 23.)

FORM OF BALLOT-PAPER.

DIRECTIONS TO VOTERS.

Vote by placing the figure 1 in the square opposite the name of your first choice; the figure 2 opposite the name of your second choice; the figure 3 opposite the name of your third choice; and so on. You may thus express as many choices as you please.

If you spoil this ballot inadvertently, you may return it to the Presiding Officer and obtain another in its place.

Mark Order of Preferences in Squares below.	Names of Candidates.
	BROWN (John Brown, of 52 George Street, Victoria, Merchant).
	JONES (William David Jones, of 10 Charles Street, Victoria, Engineer).
	MACINNES (Robert MacInnes, of 28 James Street, Victoria, Grocer).
	ROBERTSON (Henry Robertson, of 8 John Street, Victoria, Builder).
	THOMAS (Walter Thomas, of 23 Ann Street, Victoria, Painter).
	WILLIAMS (James Williams, of 5 William Street, Victoria, Dock Labourer).

APPENDIX C (1).

DIRECTIONS FOR THE GUIDANCE OF THE VOTER IN VOTING, TOGETHER WITH  
EXAMPLES OF VALIDLY MARKED BALLOTS, WHICH SHALL BE PRINTED IN  
CONSPICUOUS CHARACTERS AND PLACARDED OUTSIDE OF EVERY POLLING-  
STATION AND IN EVERY POLLING-BOOTH.

Each voter will go into one of the compartments, and with the pencil provided there, mark his ballot-paper by placing the figure 1 in the square opposite the name of the candidate of his first choice. He MAY also place the figures 2, 3, and so on, in the order of his choice, opposite the names of other candidates, that is to say:—

He MUST place the figure 1 in the square opposite the name of the candidate he likes best. He MAY also place the figure 2 in the square opposite the name of the candidate he likes second best, and 3 in the square opposite the name of the candidate he likes third best, and so on.

If the voter does not mark the figure 1 on his ballot-paper, or marks the figure 1 opposite more than one name, or marks the figure 1 and some other figure opposite the same name, or places any mark on the ballot-paper by which he may be identified, his ballot will be invalid and will not be counted.

After marking the ballot-paper the voter will fold it up so as to show the official mark on the back, and, leaving the compartment, will, without showing the front of the ballot-paper to any person, show the official mark on the back to the Presiding Officer, and then in the presence of the Presiding Officer put the ballot-paper in the ballot-box and forthwith quit the polling-station.

If the voter inadvertently spoils a ballot-paper, he can return it to the Presiding Officer, who will give him another ballot-paper.

APPENDIX C (2).

ONE EXAMPLE OF A VALID BALLOT.

DIRECTIONS TO VOTERS.

Vote by placing the figure 1 in the square opposite the name of your first choice; the figure 2 opposite the name of your second choice; the figure 3 opposite the name of your third choice; and so on. You may thus express as many choices as you please.

If you spoil this ballot inadvertently, you may return it to the Presiding Officer and obtain another in its place.
